5. BENEFITS

The APB Group has a long-standing business relationship with the Transacting Parties. The Related Parties are reliable suppliers of goods and services required by the APB Group for its business. The goods and services provided by the Transacting Parties are in the view of your Directors and Audit Committee priced competitively and all transactions between APB Group and the Transacting Parties are carried out on an arms-length basis.

Although the APB Group also sources from third parties, the APB Group proposes to seek shareholders' mandate as the close co-operation with the Transacting Parties is in the view of your Directors expected to continue to be of benefit to the APB Group.

6. REVIEW PROCEDURES

The following review and approval procedures are in place to ensure that Recurrent Related Party Transactions are undertaken on an arm's length basis and on commercial terms consistent with the APB Group's usual business practices and policies, which are no more favourable to the Related Parties than those extended to third parties/public and, are not detrimental to APB's minority shareholders:

- 6.1 All companies within the Group have been informed of the definition of Related Party and the review procedures applicable to all RRPT with Related Parties;
- 6.2 All companies within the Group shall only enter into RRPT after taking into account the pricing, level of service, quality of product as compared to market prices and industry standards. Any RRPT entered into shall be treated and processed on normal commercial terms consistent with the Company's usual business practices and policies and will not be detrimental to the minority shareholders;

- 6.3 All companies within the Group are guided by a set of rules and policies with regard to new RRPT to be entered into. The main rules and policies include, among others, the following:
- (a) Certain documentations such as quotations from several sources other than the Related Party must be obtained prior to Related Party's products and/or services are rendered to or from the Group. This is to ensure that the transactions are based on prices which are competitive in comparison with the prevailing market prices, and on rental, the tenure and renewal of rental and maintenance services provided that are similar to the commercial terms for transaction with the public, which depend on the demand and supply of the products and services.
 - (b) Where a Related Party is engaged for its services, proper documentation shall be prepared such as agreement, contract and letter of engagement to govern the services, which would be reviewed from time to time (normally within 2 years).
 - (c) An interested director and/or shareholder is required to abstain from negotiations and from deliberating and voting on a proposal to enter into a Recurrent Transaction.
- 6.4 A list of RRPT will be circulated to the Audit Committee for review to ensure that the transactions entered into are on arms length basis, based on commercial terms and are not more favourable to the related party than those generally available to the public and, are not detrimental to APB's minority shareholders.
- 6.5 The Audit Committee will also review conflict of interest situations that may arise within the APB Group as a result of the RRPT.
- 6.6 Such reviews will be conducted on a quarterly basis together with the review of quarterly results, or such other frequency as the Audit Committee may consider appropriate.
- 6.7 If a member of the Audit Committee has an interest in the RRPT, he will abstain from any decision making by the Audit Committee in respect of such transactions.
- 6.8 The annual internal audit plan will incorporate a review of all RRPT in its corporate governance audit to ensure that the review procedures in respect of such transactions are adhered to.
- 6.9 The Audit Committee will report its review of all RRPT to the Board.

7. FINANCIAL EFFECTS

Save as disclosed in Section 4, Part A of this Circular, the Proposed Shareholders' Mandate will not have any financial effect on the earnings, share capital, net assets and shareholding structure of the APB Group.

8. STATEMENT FROM THE AUDIT COMMITTEE

The Audit Committee has seen and reviewed the procedures mentioned in Section 6, Part A above and is of the view that the said procedures are sufficient to ensure that the Recurrent Related Party Transactions are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

9. RATIONALE FOR THE PROPOSAL

The Recurrent Related Party Transactions entered or to be entered into by the APB Group are all in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are likely to occur with some degree of frequency and arise at any time and from time to time. These transactions may be constrained by the time-sensitive nature and confidentiality of the same may render it impractical to seek shareholders' approval on a case by case basis before entering into such related party transactions.

As such, APB is seeking a shareholders' mandate pursuant to Paragraph 10.09 of the Listing Requirements for the Recurrent Related Party Transactions described in Section 4.2, Part A above to allow the APB Group to enter into such Recurrent Related Party Transactions on an arm's length basis and on normal commercial terms and which are not prejudicial to the interests of APB's shareholders. By obtaining the Proposed Shareholders' Mandate and the renewal of the same on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such Recurrent Related Party Transactions occur, would not arise. This would reduce substantial administrative time, inconvenience and expenses associated with the convening of such meetings, without compromising the corporate objectives of the APB Group or adversely affecting the business opportunities available to the APB Group.

10. CONDITIONS OF THE PROPOSAL

The Proposed Shareholders' Mandate is conditional upon the approval of the shareholders of APB being obtained at the forthcoming AGM.

11. DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS

Save as disclosed in Section 4 of Part A of this Circular, none of the other Directors and substantial shareholders of APB or Persons Connected have any interest in the Proposed Shareholders' Mandate. The Interested Directors namely Yap Kow @ Yap Kim Fah and Yap Kau @ Yap Yeow Ho have abstained from Board deliberations of the Proposed Shareholders' Mandate. The interested Directors and substantial shareholders, namely Yap Kow @ Yap Kim Fah, Yap Kau @ Yap Yeow Ho, TTS Resources and Ikram Pintas, will abstain from voting on the resolutions at the AGM and undertake to ensure that Persons Connected will abstain from voting in respect of their direct and indirect shareholding on the resolution approving the Proposed Shareholders' Mandate in respect of the transactions in which they have an interest as in Section 4.2, Part A above.

12. DIRECTORS' RECOMMENDATION

Having considered the rationale for the Proposal, your Board of Directors (with the exception of Yap Kow @ Yap Kim Fah and Yap Kau @ Yap Yeow Ho) who are deemed interested in the Proposed Shareholder's Mandate and have abstained from giving any opinion in respect of the Proposed Shareholders' Mandate is of the opinion that the Proposal is fair, reasonable and in the best interest of the Company.

Accordingly, your Directors, with the exception of Yap Kow @ Yap Kim Fah and Yap Kau @ Yap Yeow Ho, who have abstained from making a recommendation on the Proposed Shareholders' Mandate, recommend that you vote in favour of the resolution on the Proposal to be tabled at the forthcoming AGM.

13. AGM

The Fourth AGM of APB, the notice of which is set out in the 2005 Annual Report and an extract of which in relation to the Proposed Renewal of Shareholders' Mandate and Proposed New Shareholders' Mandate is also enclosed in this Circular, will be held at Multipurpose Hall (Card Room), Royal Selangor Club, Dataran Merdeka, Jalan Raja, 50704 Kuala Lumpur on Friday, 24 March 2006 at 10.00 a.m. or adjournment (as the case may be) thereof for the purpose of considering and if thought fit, passing the resolutions to give effect to the Proposed Renewal of Shareholders' Mandate and Proposed New Shareholders' Mandate contained herein. If you are unable to attend and vote in person at the AGM, you should complete and return the Form of Proxy in accordance with the instructions therein to the Registered Office of the Company at D12, Tingkat 1, Plaza Pekeliling, No. 2 Jalan Tun Razak, 50400 Kuala Lumpur, as soon as possible and in any event not later than 48 hours before the time fixed for the AGM. Dear Sir/Madam,

PROPOSED PURCHASE BY APB OF ITS OWN ORDINARY SHARES ON BURSA SECURITIES OF NOT MORE THAN TEN PER CENTUM (10%) OF THE ISSUED AND PAID-UP SHARE CAPITAL OF APB

1. INTRODUCTION

On 24 February 2006, Hwang-DBS, on behalf of the Board, announced that the Company proposed to seek approval from its shareholders to purchase APB Shares on Bursa Securities of not more than ten per centum (10%) of the issued and paid-up share capital of the Company at the forthcoming EGM.

The purpose of this Circular is to provide you with information on the Proposed Share Buy-Back, to set out the recommendation of your Board and to seek your approval for the resolutions pertaining to the Proposed Share Buy-Back to be tabled at the forthcoming EGM of the Company. The Notice of EGM, together with the Form of Proxy, is enclosed herewith in this Circular.

YOU ARE ADVISED TO READ THE CONTENTS AND APPENDIX I OF THIS CIRCULAR CAREFULLY BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED SHARE BUY-BACK AT THE FORTHCOMING EGM OF THE COMPANY.

2. THE PROPOSED SHARE BUY-BACK

2.1 Details of the Proposed Share Buy-Back

The Board proposes to seek a mandate from the shareholders of APB to purchase and/or hold in aggregate not more than ten per centum (10%) of the issued and paid-up share capital of the Company at any point in time through Bursa Securities. The purchase of APB's own shares will be carried out through Bursa Securities via stockbroker(s) to be appointed by APB.

As at 10 February 2006, the issued and paid-up share capital of the Company was RM88,072,209 comprising 88,072,209 APB Shares. On even date, there were 24,802,793 outstanding ICPS that are convertible into 24,802,793 new APB Shares. The Proposed Share Buy-Back will allow APB to purchase not more than ten per centum (10%) of the issued and paid-up share capital, as follows:

	No. of APB Shares
Based on the assumption that there will be no conversion of outstanding ICPS as at 10 February 2006 prior to the implementation of the Proposed Share Buy-Back	8,807,220
Based on the assumption of full conversion of outstanding ICPS as at 10 February 2006 prior to the implementation of the Proposed Share Buy-Back	11,287,500

The Listing Requirements stipulates that a listed issuer must ensure that the proposed purchase of its own shares is made wholly out of retained profits and/or the share premium account of the listed company. Currently, the Company does not have any retained earnings or share premium reserves; therefore, the Proposed Share Buy-Back will only be implemented later, at such time when the Company has the requisite retained earnings and/or share premium account. Further, the quantum of shares purchased on the Proposed Share Buy-Back will be limited to the amount of available retained earnings and/or share premium account. Notwithstanding the above, APB is seeking shareholders' approval for the Proposed Share Buy-Back first, and the Directors of APB will ensure compliance of the Listing Requirements at all times.

The maximum amount of funds to be utilised by the Company for the Proposed Share Buy-Back will not exceed the Company's retained profits and/or share premium. Based on the Company's latest available audited financial statements as at 30 September 2005, the accumulated losses stood at RM15,875,215 and there was no share premium reserve. Based on the latest unaudited quarterly results of APB for the financial period ended 31 December 2005, the accumulated losses stood at RM9,292,102.

Any APB Shares to be bought by APB pursuant to the Proposed Share Buy-Back will be first funded from internally generated funds and/or funded by external borrowings, if so required. At the moment, the Company does not have any external borrowings for such purpose. In the event that the Company intends to purchase its own shares using external borrowings, the Board shall ensure that the Company shall have sufficient funds to repay the external borrowings and interest expense and that the repayment would not have any material effect on the cashflow of the Company. The actual amount of internal funds and/or external borrowings to be utilised will depend on, amongst others, the available internally generated funds, actual number of APB Shares to be purchased and other relevant cost factors at the time of purchase(s).

Subsection (3A) of Section 67A of the Act allows APB to cancel the purchased APB Shares, to hold the purchased APB Shares as treasury shares or a combination of both. The purchased APB Shares held as treasury shares may be distributed to the shareholders of APB as share dividends, resold on Bursa Securities in accordance with the relevant rules of Bursa Securities, subsequently cancelled or any combination of the three. The Company may have the opportunity to realise capital gains if these shares, held as treasury shares, are resold on Bursa Securities at a price higher than the purchase price. The decision whether to retain the purchased APB Shares as treasury shares, or to cancel the APB Shares purchased or a combination of both, will be made by the Board at the appropriate time.

Pursuant to Section 67A (3C) of the Act, while the purchased APB Shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in any other distribution or otherwise are suspended. The treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

The shareholders' mandate for the Proposed Share Buy-Back will be effective upon the passing of the ordinary resolution for the Proposed Share Buy-Back at the forthcoming EGM until:

- (a) the conclusion of the next AGM of the Company following the general meeting at which such resolution was passed at which time it shall lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM is required by law to be held; or
- (c) revoked or varied by an ordinary resolution of the shareholders of the Company in general meeting,

whichever occurs first.

Pursuant to the Paragraph 12.18 of the Listing Requirements, APB may only purchase its own shares at a price which is not more than fifteen per centum (15%) above the weighted average market price for APB Shares for the five (5) market days immediately preceding the date of purchase(s).

In the case of a resale of treasury shares, if any, the Company may resell the treasury shares on the Bursa Securities at a price which is:

- (a) not less than the weighted average market price for the APB Shares for the five (5) market days immediately prior to the resale; or
- (b) not less than five per centum (5%) below the weighted average market price for the APB Shares for the five (5) market days immediately prior to the resale provided that:
 - (i) the resale takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale price is not less than the cost of purchase of the APB Shares being resold.

As at 10 February 2006, the public shareholding spread of APB stood at 39.24% in the hands of 2,689 public shareholders holding not less than 100 APB Shares each. The public shareholding spread of APB will reduce as a result of the Proposed Share Buy-Back, assuming all purchased APB Shares are purchased from the market from public shareholders, as follows:

	Before the Proposed Share Buy-Back %	After the Proposed Share Buy-Back %
Assuming no ICPS are converted prior to the implementation of the Proposed Share Buy-Back	39.24	32.49
Assuming full conversion of 24,802,793 outstanding ICPS prior to the implementation of the Proposed Share Buy-Back	30.61	22.91

Pursuant to Paragraph 12.14 of the Listing Requirements, APB must not purchase its own shares on the Bursa Securities if that purchase(s) will result in the Company being in breach the 25% public shareholding spread.

In view of the above, APB will take necessary measures to ensure that the aforesaid public shareholding spread is met and maintained at all times (including, among others, only purchasing such number of APB Shares under the Proposed Buy-Back to maintain at least 25% public shareholding spread).

2.2 Implication of the Code

The Proposed Share Buy-Back may result in substantial shareholder(s) and/or parties acting in concert with it incurring a mandatory take-over offer under the Code. Therefore, should APB wish to purchase its own shares which would result in substantial shareholder(s) and/or parties acting in concert with it incurring a mandatory take-over offer obligation under the Code, an exemption under Practice Note 2.9.10 of the Code would be sought from the SC, subject to certain conditions as set out in the Practice Note being met, since the increase in their shareholding is inadvertent and is a result of the action that is outside their direct participation.

Based on the current shareholding as at 10 February 2006, Ikram Pintas Sdn Bhd by itself holds 31.15% of the issued and paid-up share capital of APB. Further, Ikram Pintas Sdn Bhd, together with parties acting in concert with it (namely Yap Kow @ Yap Kim Fah, Gan Chin Boon, TTS Resources, Tan Teng Khuan, Lim Hong Liang and Lim Lye Hock), own 54.99% of the issued and paid-up share capital of APB. In view of the above, Ikram Pintas Sdn Bhd, either by itself or together with parties acting in concert with it, will be required to make a mandatory take-over offer should APB purchase its own shares pursuant to the Proposed Share Buy-Back such that Ikram Pintas Sdn Bhd increases its shareholding in APB to above 33% unless an exemption under Practice Note 2.9.10 has been granted beforehand by the SC.

As at the date of this statement, the said exemption has not been sought from the SC. Nevertheless, in the event the Company purchases its own shares which would result in the substantial shareholders and/or parties acting in concert with them triggering a mandatory offer obligation under the Code, approval would be sought from the SC for exemption under Practice Note 2.9.10 of the Code before the purchase is made.

2.3 Potential Advantages and Disadvantages of the Proposed Share Buy-back

The potential advantages of the Proposed Share Buy-Back to the Company and its shareholders are:

- (a) if the purchased APB Shares are cancelled, the EPS of APB Group will be enhanced and shareholders are likely to enjoy an increase in the value of their investment in the Company;
- (b) the Company's share capital base will be reduced pursuant to the Proposed Share Buy-Back, which may increase the likelihood of a higher dividend rate being declared in the future; and
- (c) if the purchased APB Shares are retained as treasury shares, it will provide the Board with an option to sell the purchased APB Shares at a higher price and therefore make an exceptional gain for the Company. Alternatively, the purchased APB Shares can be distributed as share dividends to shareholders and provide a reward to the shareholders of the Company.

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders are:

- (a) as the Proposed Share Buy-Back can only be made out of retained profits and the share premium reserves, it may reduce the financial resources available for distribution to the shareholders of the Company in the foreseeable future;
- (b) resultant opportunity costs for the Company as better investment opportunities may be foregone in the future with the reduction in financial resources of APB Group available upon implementation of the Proposed Share Buy-Back; and
- (c) deprive the Group of interest income that can be derived from the funds utilised for the Proposed Share Buy-Back. Further, if the Proposed Share Buy-Back is financed via bank borrowings, the Group shall have to service interest obligations.

The Proposed Share Buy-Back, however, is not expected to have any potential material disadvantages to the Company and its shareholders, as it will be exercised only after in-depth consideration of the financial resources of APB which need to be balanced against investment opportunities and other proposals that can enhance value for its shareholders. The Board in exercising any decision on the Proposed Share Buy-Back will be mindful of the interest of the Company and of its shareholders.

2.4 Purchase of APB Shares and Resale of Treasury Shares Made in the Previous Twelve (12) Months

The Company has not made any purchase of its own shares in the previous twelve (12) months preceding the date of this Circular. As such, the Company does not have any treasury shares and has not resold, cancelled and/or distributed any treasury shares as dividends in the same period.

3. RATIONALE

The Proposed Share Buy-Back would enable the Company to purchase its own shares from the open market to capitalise on market inefficiencies and to act in the best interest of the Company. The Proposed Share Buy-Back, if implemented, may stabilise the supply and demand of APB Shares, which may subsequently have a favourable effect on the market price for APB Shares.

The Proposed Share Buy-Back, whether to be held as treasury shares or subsequently cancelled, will effectively reduce the number of APB Shares carrying voting and participation rights. Therefore, the shareholders of the Company may enjoy an increase in the value of their investment in APB due to the increase in its EPS.

The purchased APB Shares could be held as treasury shares and resold on Bursa Securities at a higher price with the intention of realising potential gain without affecting the total issued and paid-up share capital of the Company. Should any treasury shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

4. FINANCIAL EFFECTS

The financial effects of the Proposed Share Buy-Back shown below are based on the assumption that APB will have adequate retained earnings and/or share premium account to undertake the Proposed Share Buy-Back up to the maximum of ten per centum (10%) of its issued and paid-up share capital. The actual quantum of shares purchased under the Proposed Share Buy-Back may be limited to the availability of the above-mentioned reserves.

4.1 Share Capital

The Proposed Share Buy-Back will have no effect on the issued and paid-up capital of APB if the purchased APB Shares are retained in full as treasury shares, resold or distributed as dividends to shareholders.

However, in the event the purchased APB Shares are cancelled, the issued and paid-up share capital will decrease by the number of shares cancelled. For illustrative purposes only, assuming that the maximum number of APB Shares are purchased and cancelled under the Proposed Share Buy-Back, the effect on the issued and paid-up share capital of the Company is set out below.

The proforma effects of the Proposed Share Buy-Back on the issued and paid-up share capital of the Company, based on the following scenarios, are set out below:

Scenario 1: Assuming no ICPS are converted.

Scenario 2: Assuming full conversion of 24,802,793 outstanding ICPS prior to the implementation of the Proposed Share Buy-Back.

	Scenario 1	Scenario 2
	No. of APB Shares	No. of APB Shares
Issued and paid-up share capital as at 10 February 2006	88,072,209	88,072,209
Assuming full conversion of 24,802,793 outstanding ICPS	-	24,802,793
	88,072,209	112,875,002
<i>Less</i> : Maximum number of shares purchased pursuant to the Proposed Share Buy-Back *	(8,807,220)	(11,287,500)
Resultant issued and paid-up share capital	79,264,989	101,587,502

Note:

* Assuming cancellation of all the APB Shares purchased.

The effects of the Proposed Share Buy-Back on the share capital of APB will depend on the intention of the Board with regards to the treatment of the purchased APB Shares. If the purchased APB Shares are cancelled, it will result in a reduction on the total issued and paid-up share capital of the Company as shown in the table above.

Conversely, if the purchased APB Shares are retained as treasury shares, the Proposed Share Buy-Back will not have any effect on the issued and paid-up share capital of APB.

4.2 NTA

The effect of the Proposed Share Buy-Back on the NTA per share of the Group is dependent on the number of APB Shares purchased, the purchase price(s) of the APB Shares purchased, the effective cost of funding and the treatment of the APB Shares purchased.

The Proposed Share Buy-Back will reduce the NTA per share when the purchase price exceeds the NTA per share at the time of purchase. On the contrary, the NTA per share will increase when the purchase price is less than the NTA per share at the time of purchase.

4.3 Working Capital

The Proposed Share Buy-Back will reduce funds available for working capital purposes of the Company, the quantum of which depends on the purchase price of the APB Shares, the actual number of purchased APB Shares and any associated costs incurred in making the purchase.

4.4 Earnings and EPS

The effects of the Proposed Share Buy-Back on the earnings of the APB Group would depend on the purchase price and the number of APB Shares purchased. The effective reduction in the issued and paid-up share capital of the Company pursuant to the Proposed Share Buy-Back will, generally, all else being equal, have a positive impact on the consolidated EPS of the Company.

4.5 Dividend

The Company declared and paid an interim dividend of 3.5% less tax and recommended a final dividend of 2% less tax in respect of the financial year ended 30 September 2005.

The Proposed Share Buy-Back is not expected to have any material impact on the policy of the Board in recommending dividends for the financial year ending 30 September 2006, which would depend on, amongst others, the profitability and cashflow position of the Company.

On the other hand, the purchased APB Shares may be distributed as dividends to the shareholders of the Company, if the Board so decides.

4.6 Directors' and Substantial Shareholders' Shareholding

The effects on the Directors' and substantial shareholders' shareholding based on the Register of Directors and Register of Substantial Shareholders of the Company as at 10 February 2006 are as follows:

APPENDIX I

- (ii) By a Put and Call Option Agreement dated 10 October 2000 made between AMC and Tan Sri Lim Geok Chan ("Tan Sri Lim"), where at the request of Tan Sri Lim, AMC has subscribed for 2,000,000 ordinary shares in Nusantara Steel Group Sdn Bhd and Tan Sri Lim agreed to grant a put option in favour of AMC to purchase all of the said shares within twelve (12) months after the lapse of twelve (12) months from the date of the subscription of the shares agreement for a sum of RM2,000,000. On 28 October 2003, the Court granted CPL's application to amend his Statement of Claim. The matter is adjourned for further case management on 19 October 2006 and 20 October 2006.
